### Advanced Cooling System

By using a smart temperature control system and advanced air distribution around the fridge this system prevents your food from drying out. No more sad looking vegetables.

### Advanced No Frost

By using independent circulation systems for the freezer and fridge frost is prevented, as are odours from one section to the next.

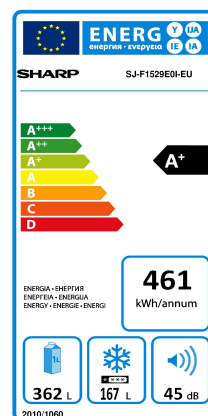

### LED Interior Lighting

Harsh lighting never flattered anyone but with delicate LED lighting the food is illuminated just right for those midnight snacks meaning you can see everything your fridge has to offer.

### ZeroDegreeZone

Creates the optimum conditions for storing fresh meat and fish for longer.
